Section 1 – Introduction

This directory provides a list of Kaiser Permanente Senior Advantage (HMO)'s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

Your Primary Care Provider

You may choose one of our network providers listed in this directory to be your Primary Care Physician (PCP). Generally, you must get your health care services from your PCP.

Your PCP is a provider who meets state requirements and is trained to give you primary medical care. Your PCP is a generalist in internal medicine and family practice, and specialists in obstetrics-gynecology whom the Medical Group designates as Primary Care Providers. Please note: Female members may elect to see an OB-GYN for their routine health maintenance exams, while seeing their designated PCP if non-female specific problems arise.

Your PCP will provide most of your care and will arrange and coordinate most of the covered services you get as a member of our Plan, including specialty care.

You may select a PCP from any of our available primary care network providers. You can change your PCP for any reason. When you make a selection, it is effective immediately. To learn how to select or change a PCP, please call **Member Services** at **1-800-476-2167** (TTY **711**).

Getting Covered Care

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services we authorize in advance. If you obtain routine care from out-of-network providers, neither Medicare nor Kaiser Permanente will be responsible for the costs. The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however some services may require a referral. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers.

To see a specialist, it is recommended that you talk to your PCP first. You do not need a referral to receive specialty care from most network providers. You may self-refer (schedule an appointment without a physician referral) for consultation or routine visits to most network and Kaiser Permanente specialists. A self-referral covers routine office visits and office-based services. You will still need a physician's referral and written authorization from Kaiser Permanente if you need additional services not provided in the doctor's office, such as surgery, MRI, CAT scan, colonoscopy, or hospital admissions. Consult this Directory for department listings and telephone numbers at the various medical offices or to get the most-up-to-date information, call **Member Services** at **1-800-476-2167** (TTY **711**), seven days a week, 8 a.m. to 8 p.m.

The acupuncture and hearing aid providers listed in Section 2 are covered by the Advantage Plus optional supplemental benefits packages and may not be a part of the Senior Advantage Core and Silver plan provider network also detailed in Section 2 of this Directory. You must see an Advantage Plus provider for these optional benefits. The listing information is subject to change.

Bills from out-of-network providers

If you receive a bill from an out-of-network provider for covered services and they ask you to pay for services at the time of service, it's best to ask an out-of-network provider to bill us first. If you receive a bill from an out-of-network provider, you should not pay the bill. Send it to our Claims Department and they will let you know how much you have to pay.

Claims Department
P.O. Box 372910
Denver, CO 80237-6910

Emergency and urgent care

If you have an emergency medical condition, call **911** or go to the nearest hospital. When you have an emergency medical condition, we cover emergency care anywhere in the world.

For ease and continuity of care, we encourage you to go to a Plan hospital Emergency Department if you are inside our service area, but only if it is reasonable to do so, considering your condition or symptoms.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you care will decide when your condition is stable and the medical emergency is over. After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our Plan. If your emergency care is provided by out-of-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and circumstances allow. It is very important that your provider call us to get authorization for post-stabilization care before you receive the care from the out-of-network provider. You will only be held financially liable if you are notified by the out-of-network provider or us about your potential liability.
